

### Pizza Express Workshop

As part of the CWC Activity Week schedule a group of our young people and staff visited Pizza Express to take part in a pizza making workshop. The young people enjoyed creating their own pizzas from stretching the dough to eating and enjoying the finished product.

The staff at the restaurant were so impressed with the young people's attitudes and efforts in the practical activity and in the social meal. A fabulous afternoon of learning what its like to create the food from the kitchen to the table which resulted in lots of laughter, enjoyment and full tummies!
