

## Macmillan Coffee Morning

Students enjoyed the opportunity to coordinate and host our annual fundraising coffee morning at school recently to raise funds for Macmillan Cancer Research.

Students and staff enjoyed cakes and drinks and catching up with friends. Students helped to bake, set up and serve our customers and raised £35.66 towards this wonderful charity.

We also celebrated LSA day by having activities out for students to say thank you to our LSA's along with treats and a coffee for them. Spring Hill is lucky to have a wonderful team of Learning Support Assistants who work very hard to support our students across all aspects of learning whilst also enabling them to develop their levels of independence.
