

## Outcomes:

- To create a Christmas Wreath.
- To go out in public and behave appropriately.
- To purchase a bow from the shop to decorate our Christmas Wreath.

Description of trip: In Flamingo's we are starting to get in the festive mood and prepare for Christmas. Our teacher foraged for some foliage and when we arrived in the morning we thought our room had turned into a Florist shop. It smelt amazing. Very festive. We started by attaching our wire to the wreath ring and created a base to lay the moss upon. Then we took our moss and made it into a sausage shape and used the wire to attach it to the ring. Next was the hard part, attaching the foliage. We took three pieces and used the wire to secure the foliage. Once we had gone all around the ring, we had a break and went into town to purchase a bow. There were so many colours to choose from. Next it was back to attached the bows and voila, we have made a Christmas wreath. They are now ready to hang on our doors at home.

## Quotes:

"That is beautiful"

"Please can I have a green ribbon"

"It looks like a florist in here"
