

## Outcomes:

- To Explore and learn.
- Behave well in public.
- To work together as a team.

Description of trip: This week we went to Laserforce in Peterborough. I would probably say that we're not very competitive, but as soon as we got our laser gun we all became very competitive. The first game was a free for all. Every man for himself. I enjoyed sneaking up on our teachers and shooting them! The second game we paired up and each pairing had one teacher and one pupil. Each pairing had their own tactics. The best pairings worked together as a team, communicating where the beacons were so they can earn extra points. Half way through we played on the arcade games. Pacman was a firm favourite as was the air hockey. Then it was back to laser tag for one last game. A great trip enjoyed by all. I think the teachers enjoyed it the most.

## Quotes:

"I'm on the red team"

"My name is Concorde"

"We won!"
