Edition #22 2022

Promoting happy, healthy and sustainable living at Hill House and beyond.

WORLD BOOK DAY

As part of our One Planet Living® initiative and work towards the Eco School Green Flag Award, Hill House chose the theme of "Nature" for this year's [World Book Day](#)® celebrations.

The aim of World Book Day is to change young lives through a love of books and shared reading. Our young people were able to take advantage of the lovely spring weather to combine their reading about nature while exploring the outdoors through the senses.

WORLD
**BOOK
DAY**

3 MARCH 2022

BIODIVERSITY

We set up an outdoor reading zone in our woodland area. There was a wide choice of books with nature themes and our young people were invited to come and browse the book selection and exchange their £1 book tokens for books.

We also created a story corner made from logs, branches and leaves. Young people were invited to come and explore a sensory story called "The Little Seed" and find out about the journey of a seed to a tree.

Edition #22 2022

"The Little Seed"

Everyone thoroughly enjoyed the outdoor reading area, the story corner and all the exciting activities. The day was a perfect opportunity to learn more about land and nature while also promoting literacy and a love of reading!
