Promoting happy, healthy and sustainable living at Hill House and beyond.

JUBILEE!

The May half term at Hill House was a week-long celebration of the Queen's Platinum Jubilee with a bouncy castle, a treasure hunt and disco, lots of arts and crafts activities, freshly cooked pizzas, and even a cream tea laid on by our wonderful chefs. The highlight of the week however, was undoubtedly Jubilee Day itself with "Plant a Tree for Jubilee!"

GREEN CANOPY

The Queen's Green Canopy is a tree planting initiative created to mark Her Majesty's Platinum Jubilee this year. Everyone is invited to plant trees in honour of The Queen's service and the legacy she has built. This will create a green legacy of its own, with every tree planted bringing benefits for people, wildlife and climate, now and for the future.

Our staff and young people planted 25 trees in the field alongside our allotment gardens, which are already planted to produce all sorts of edible goodies for us to harvest later this term. It seems we have some able gardeners who will be tending all our plants for the rest of the season!

Another of our successful Green Dragons' Den proposals last year was to take up the [Woodland Trust](#) offer of free trees for schools and starter packs to create a Calming Copse and, on the Friday, 3rd June, the young people at Hill House School played their part by planting trees!

The aim is to create a peaceful spot to encourage mindfulness for staff and young people as well as being an oasis for birds and other wildlife.
