

## Eyes on the Hoop.

This term the students have taken an interest in a new sport, Basketball, and it has made a regular appearance in the practical PE lesson, with plenty of 'three pointers' attempted. To make the sessions more competitive, and to add some 'buzzer beating' fun, students from Hartlepool school 'dribbled' their way into the sport with the help of a coach from the Teesside Mohawks.

The session involved some dribbling practice, game management, shooting and of course a game played under the correct rules. No 'Travelling' allowed!!

The coach was very impressed with all the students who took on board their advice and definitely showed some much-improved skills. Excellent enthusiasm throughout the session and the students can't wait to 'alley-oop' their way down to watch the Teesside Mohawks play a game.
