1 x Religious Studies
(Short Course)

Other Achievements

2 x Step Up to English

1 x Nursery Work Placement

Success Stories

Student A's grades allowed them to apply to a further education course at a local college, to enable them to continue their studies. The site they have applied to has allowed them to improve their independent skills and integrate into society.

Student B's education has allowed them to move on to independent living, where she now lives on a site that supports her needs for independence.
