

Wembley Trip

13/10/23

The home of English football and on Friday night it was the place that 6 Cambian Hartlepool school kids visited to watch England beat Australia 1-0!

The day started at school as normal, kids arrived in their taxis, pillows/blankets and snacks at the ready, had breakfast, packed the van and off they went, But only 4 of the 6

had the pleasure of the 4.5 hour drive. Two of the students got to experience the journey to London via a train!

Few stops along the way for the students in the van, plenty of snacks, singing and jokes later we had arrived in London roughly 5 hours after setting off. The students

seemed excited (maybe they were just happy to get out of the van).

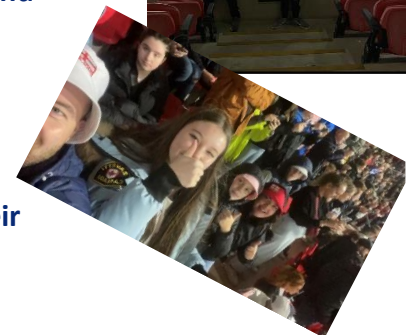

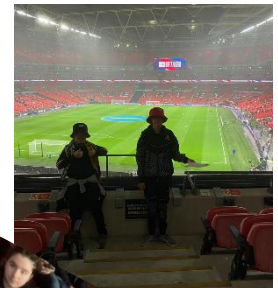

have a walk round the M&M shop, see batman at the top of the cinema and have a seat next to paddington for a quick snack.

After all the excitement of Leicester Square and Covent Garden it was back to the tube and off to the home of English Football.... WEMBLEY! For some, this was their first ever football game... and what a place to be for their first game.

With a quiet and not very exciting first half, Luckily the game ended in a 1-0 win for England with Ollie Watkins providing the goods in the second half. A much enjoyed trip by staff and students. It was certainly enjoyed more than the salted pretzel they tried in the ground anyway!!!

Cambians football game list continues..... Where next is the question the students are asking....
