

Outcomes:

- To Explore and learn.
- Behave well in public.
- Visit the animals at the crocodile farm.

Description of trip: This week Flamingo's visited Old Hurst Crocodile Farm. We had a car picnic when we got there, which was so much fun. Then we decided to look at all of the animals outside first. They had a Lion and his lioness, Black Sloth Bear, Puma, Parrots, Meerkats, and Peacocks. Then when had a quick go on the play equipment before venturing inside to the Crocodiles. Hold your nose, because it's a be pongy in there. We soon acclimatised though. It was so hot in there to mimic their natural habitat. We saw Cayman Crocodiles, Lizards, Iguanas, and lots of fish. They breed the crocodiles to make crocodile burgers! Unfortunately, they were out of stock, so we couldn't buy any. The girls looked in the shop, but the boys were far more interested in an old tractor in the courtyard. Home time and out teaching assistant treated us to a giant bourbon!!! Yummy.

Quotes:

"I have never looked forward to fresh air so much"

"It smells in here"

"Won't the Peacocks escape?"
