SCHOOL

Edition #66 2024

Promoting happy, healthy and sustainable living at Hill House and beyond.

DISCOVERY

At Hill House, we have developed an ambitious and meaningful curriculum that ensures all of our students are able to engage in and enjoy. By the end of their journey with us, we expect them to be able to explore, learn, develop, and generalise knowledge and skills in several key areas - one of which is discovery.

Through our One Planet Living® curriculum, young people can actively engage in the process of discovery within the science topics through exploration, thereby promoting their sense of wonder, curiosity, and resilience, whether at home, in the classroom, or "out and about."

Edition #66 2024

Through participation in the Duke of Edinburgh scheme and access to the New Forest, local beaches, and our own allotment, they are also discovering a love of land and nature, as well as the benefits of mindfulness, friendship and collaboration.
