

Duke of Edinburgh Practice Walks (April 24)

We are delighted with and very proud of our five students who braved the English changeable weather to complete a navigation exercise in preparation for their Duke of Edinburgh Expedition.

The group covered a massive 12km hike with very limited support from staff, they set off from school at 9:30am, after stopping for a well-deserved rest and lunch break they finally returned to school at 2.30pm.

Scarborough School has been very fortunate in receiving a generous grant from the Duke of Edinburgh scheme in order to buy the much-needed supplies for all pupils participating, so far we've bought walking boots, rucksacks, walkie-talkie's and much needed waterproofs!

Pupils have enjoyed being out of the classroom environment for the day and appreciated being in the countryside for a change of scenery, there was a real sense of pride and achievement when returning back to school.
