

# Success Story

*Leighton joined Cambian Scarborough School in 2018, aged 8, after struggling in his mainstream primary school. Leighton was unable to self-regulate and would lash out at staff and students on a daily basis. Staff and his parents persevered and with hard work and dedication from everyone involved Leighton is now ready to return to mainstream, which is what he always wanted. We are very sad to see Leighton go but know it is the right time for him and we look forward to him visiting and telling us all about it! Well done Leighton and good luck!*
