

Primary 2

In Primary 2 Maths, LL has been focusing on mm, cm and m. To embed this learning, he took a tape measure out to work out how best to measure items and understand that mm are smaller than cm so would be used to measure smaller items.

Primary 2 went geocaching on Friday and managed to find numerous geocaches. We all had to work as a team to help one another find the locations.

During cooking this week, we made Raman noodles. These tasted lovely!
