

Cambian Devon School Science Tarantula Journey

Metals & Reactivity

Acids and Alkalis

Extraction of metals

Density

Physical Energy Changes

Kinetic and Potential

Summer Term

Thermal Energy Changes

Specific and Latent heat

Bio Organisation

Heart and Circulation

Mitosis

Spring Term

Osmosis

Matter and Resources

Alloys

Autumn Term

Sub-Atomic Particles

Atoms and Elements

Chemical Bonding

Thinking Scientifically

- Ask Questions
- Design Experiments
- Make Observations
- Take Measurements
- Record Data
- Draw Conclusions
