

**Outcomes:**

To explore and learn

Behave well in public

Team bonding

Work off excess  
energy

Coordination

Maths

Art

Nature

**Report:**

The weather was not looking to promising when we set off to Hunstanton. The idea was to walk along the beach from old Hunstanton to new Hunstanton. When we arrived, the tide was in so we could not walk along the beach. We looked at some art work on the way down to the beach. The waves were coming over the wall. RR and EM thought it would be fun to watch, then whoosh the waves came over the top just missing them. They thought it was hilarious. We continued walking down the front and watching the tides. We arrived the golf adventure park and had a game of golf. It was a very close score and everyone engaged well and enjoyed the game. It was nice to hear laughing and humour who was going to win. The game ended all on good terms.

**Quotes:**

"oh no we are  
getting wet"

"sorry I hit the ball  
that hard"

"my legs ache"
