

Outcomes:

- To Explore and learn.
- Behave well in public.
- To learn to take turns.
- Be active!

Description of trip: This week Flamingo's went to Adventureland at Spalding. We ran in and couldn't decide what to play on first, so much choice. We enjoyed going to JCB land and playing dress up and make believe in the building world. Two of us left that area to go bouncing on the sky net. Our teacher joined us and she was petrified and spent most of the time screaming. We enjoyed a round of dinosaur mini golf against our teachers. Once we had used up all of our energy it was time to relax and pan for gold. Gold is a naturally occurring substance and this is how it is found. This was only make-believe, but the technique is the same. Did you know, it is actually illegal to pan for gold in England! Once we had become rich with finding gold, we relaxed with an ice cream. So many flavours to choose from. Bubblegum, mango, mint choc chip to name a few. Great trip had by all. Very tired.

Quotes:

"I am rich beyond my wildest dreams!"

"Arghhhhhh" – Our teacher screaming when we came up to her on the skynet

"I've found gold!"
