Description of trip: This week Flamingo's visited Ferry Meadows. We had a lovely picnic in the sunshine. Not forgetting to apply our sun cream first. We then played on the play park, before going for a walk around the lake. We arrived at a larger play park and there was a hydraulic water fountain. We were not suitably dressed for the water fountain, but life is too short and we enjoyed the water anyway in just our shorts. It was great to have some fun in the sun with friends. It was that warm that our clothes were dry by the time we got back to the van. Before leaving we were treated to an ice cream which we enjoyed on the walk back whilst admiring the geese, ducks and ducklings. We really enjoyed our time at Ferry Meadows and have asked our teacher if we can go back again as it was so much fun!

Quotes:

"Thank you for the ice creams"

"Please can we come back to Ferry Meadows?"

"The ducklings are so fluffy"
