

Outcomes:

- To Explore and learn.
- Behave well in public.
- Enjoy our last trip together for this academic year.

Description of trip: Flamingo's ended the year in the treetops at BeWilderwood. We had an action-packed day running around the woods playing on the zip lines and getting lost in the maze. On the way there we played 'yellow car' our teacher, Lucy, won. At lunch we sat round a picnic bench and shared our favourite trip this year. Our favourites to date were biking at Thetford Forest and Crabbing at Wells. There was plenty to do at Bewilderwood. You could take it easy and enjoy being in the trees walking round, sitting in the swings or listening to a story on the storytelling stage. For the more energetic, so us, you could run around the Muddle Maze and try not to get lost. Or why not brave the broken bridge, swoosh down the slippery slopes or ride the boat in the scary lake. We did so much and finished the year on a high! See you in September!

Quotes:

"Another dead end"

"I loved Thetford forest
when we went biking"

"YELLOW CAR!!!!"

Everyone has a personal best
