

Enterprise 2023-2024

The Springhill enterprise team have had another very busy and productive year.

We have been busy planning, making and selling our items at our onsite and off campus markets as well as our charity events throughout the year. We have also set up a weekly tuck shop on a Friday.

We have had our animal harvest festival in October 2023 in which we collected items for two local animal charities- saving Yorkshires dogs and Happy hedgehogs. Students were involved in making posters and organising collections at school and dropping off items at local drop off points.

We organised a wonderful cake sale for children in need and raised £42.43. Students helped make cakes, set up the dining room, make posters, sort activities and decorations for this event.

We also held a coffee and cake morning for McMillan cancer charity. Students helped get donations, made cakes and helped set up the hall. It was a lovely morning to all get together and raise money for a great cause. As well as students working on essential work skills such as team work, communication and customer service.

We held a small Halloween stall at school of student made items including wooden decorations, shopping bags, earrings and sweet bags. We also held school pumpkin carving competition.

We worked hard all autumn term making some amazing items such as reindeer food, baubles, stockings, cards and much much more. This was a joint effort in the creative department from enterprise, textiles and the craft team. The students then had the opportunity to have a market stall at our local morrisons thanks to Angela the community champion. This gave students the opportunity to interact with members of the public and see their items being bought. We had an incredible day!

We had our onsite school Christmas fair on the 22nd December. This included all items made by students on the enterprise stall, the famous tombola, guess the weight of the cake and name the teddy. All enterprise students involved help in some way with making, setting up, manning the stalls and advertising. Parents, staff, students and visitors all joined us to see what we had been working hard to make and plan.

In February we held a cake sale for Children's mental health week. We served drinks and cakes to students and staff. We organised some wellbeing activities on each table such as mindfulness colouring, and a positive messages box. It was lovely to get together and enjoy a treat with our friends!

We had our Easter fair onsite in April. Again, we had been busy in enterprise sessions making items such as tealight holders, bottle vases, chocolate lollies, packing chocolate boxes and organising the event. All the time working on developing our work and enterprise skills.

The end of term summer fair is our last event of the school year before we do it all again next year!!! Amazing work from all the Enterprise students.
