

Outcomes:

- Listening and following instructions from staff.
- Exploring different animals and their habitats.
- Demonstrating good behaviour in public.
- Furthering animal knowledge.

Description of trip:

Today the Smarties class took a trip to the Sea Life Centre in Hunstanton. Smarties have been to this sea life centre previously however; they always enjoy seeing all the new weird and wonderful animals. Smarties really enjoyed walking through the underwater tunnel and seeing all of the sharks and different kinds of colourful fish.

Everyone found the massive turtle 'Ernie' very fascinating and spent some time watching him swim around his tank and come right up to the glass to say hello. They even watched the seals being fed their breakfast, which everyone thoroughly enjoyed.

After we walked around the Sea Life Centre a few times the class took a walk along the promenade and had a play on the grass, watching the sea for a little while before heading back to school. It was a lovely day and the class all really enjoyed it.

"I like the baby sting rays"

"The seals are so cute!!"

"That turtle is massive!!"
