6. Policy

6.1. Admission Policy At The Forum School we are registered to care for and educate students from the age of 7 to 19 covering Key Stages 2 – 5 No student is refused entry on the grounds of race, ethnicity, gender, religion or sexual orientation. We require confirmation of the date of birth of a student.

6.2. Student Profile

The Forum School educates and cares for up to 66 young people from 7 to 19 years old, who are experiencing difficulties as a result of a diagnosis of autism, complex learning difficulties and associated behaviours. These may include epilepsy, ADHD, PDD, attachment and dyspraxia.

Students present with a range of need and ability, but all demonstrate difficulties in many of the key areas of development affecting everyday life. These difficulties may embrace social understanding and communication,

executive function, coordination and sequencing, attention and concentration, repetitive and obsessive behaviours and other sensory difficulties. Most students also experience global or specific learning difficulties of a severe to moderate nature. Most students experience some degree of learning difficulty and Challenging and behaviour may also be present.

We believe that students with autism should have access to a calm, consistent, empathic approach to meet their very individual needs and address their diagnosis. In order to achieve their full potential, we must have high expectations and an open, honest partnership with parents and all attached professionals. Communication is the key to all of our work and all staff are asked to respect each student's individual communication style. The Forum School supports all of our students, through specialist approaches, appropriate environments and staff expertise, to prepare them to meet the demands of everyday life as they move forward from the school into adult provisions. We want them to live as independently as possible, making decisions about their lives and having a degree of autonomy commensurate with their abilities.

6.3. Referral and Placement at the Forum School:

Students may be referred to the school either through a Cambian placement, parent or guardian or the local authority. A multi-disciplinary assessment will be conducted through a process of reviewing relevant documentation, assessing within the young person's current environment and this will provide a cohesive judgement on the suitability of placement and meeting of needs. All information gathered will be used to inform assessment outcome. This will include:

- young person's name;
- age and date of birth;
- gender;
- ethnic background, cultural needs, religious needs/persuasion;
- health needs & history; both physical and mental;
- educational history, needs, current provision, support received & required including whether there is a statement of special educational need or EHCP;

- the young person's legal status;
- the young person's and their family's social history;
- any special factors e.g., care order, student protection etc.

The Interim Principal will consider whether the school has sufficient staffing and resources in terms of numbers and experience to manage such admission both in terms of the individual young person's needs and respect of the potential impact that the admission may have on existing group dynamics.

In line with Children's Homes (England) Regulations 2015, the Registered Manager ensures that children are admitted to the home only if their needs are within the range of the children for whom it is intended that the home is to provide care and accommodation, as set out in the homes 'Statement of Purpose'.

On confirmation of placement, a pre-admission meeting is held in order to formulate a transition plan for the young person. This will identify a start date and resources needed to support the young person's transition to The Forum School. This is in accordance with Code of Practice for Schools, Disability Discrimination Act 1995 Part 4 and Schedule 10 of the Equality Act 2010.
