

To celebrate International Volunteers Day we are holding our volunteering themed employability day on **6th December 2024.**

During the morning sessions, we will have two workshops:

One run by the Community Action Network to talk about what volunteering entails and the benefits of volunteering, not only to yourselves but to our local communities.

The second workshop will be run by Sam and will focus on Giving, one of the 5 Ways to Wellbeing discussed in Preparation for Employment lessons.

For the afternoon sessions there will be a number of volunteering opportunities for students to take part in:

A leaflet drop with local charity, Diverse Abilities

Working in a Community Garden with local charity, Grounded Community

Working in a Charity Shop with local charity, Dorset Children's Foundation

Litter Picking in the Local Area with CWC staff
